(a) Including gram.

(b) Composition depends on availabilities and requirements.

- NOTES.—1. Ration allowed to children is one-half of that allowed to adults. Heavy manual workers are allowed a supplementary ration of 4 oz. per adult per days.
2. Quantities shown against (i) Rice, (ii) Wheat, and (iii) others indicate only the maximum quantity allowed in the respective areas for that particular grain, while "Total" indicates over-all scale of ration.
3. There was no statutory rationing in Madhya Pradesh on 31st December, 1949 but a system of quasi-rationing i.e., provisioning scheme was functioning in 16 towns. Even this system of provisioning was not existing on 31st December, 1948.
4. A temporary reduction in the over-all quantum of the cereal ration to 9 oz. per adult per day in all States was announced by the Government of India on the 19th January 1951. On the 12th June 1951, however, the State Governments were authorised to raise, at the earliest date convenient, the 9 oz. ration to the limit of 12 oz. per adult per day consistently with the stocks immediately in their possession.

NOTES: 1. The Subsidy Scheme was introduced from 1st April, 1946. A revised scheme was enforced from the 1st January, 1951, according to which the Central Government subsidized specified quantities of imported foodgrains in selected industrial towns and deficit areas. With effect from 1st March 1952, the Subsidy Scheme was abolished; but imported rice (coarse and broken) and milo continued to be supplied by the Centre to the recipient States at reduced pool prices (i.e., at prices lower than their actual landed costs), the resulting losses being borne (exclusively by the Government of India).

2. The figures upto 1951-52 in the above table represent the amounts of subsidy accrued on the quantities supplied to the States during the year concerned irrespective of the financial year in which the account adjustments were actually made.

3. For 1952-53, the figures based on actual accrual as available upto December 1952 are as under:

(i) Lump-sum subsidy to Government of Travancore-Cochin	Rs. 2,25.0 lakhs
(ii) Total loss in the shape of reduced pool prices on imported foodgrains	Rs. 16,60.0 lakhs
(iii) Losses on American loan wheat	Rs. 5,58.0 lakhs
					TOTAL	Rs. 24,43.0 lakhs

The above amount of Rs. 24,43.0 lakhs will be adjusted against the total budget provision of Rs. 26,69.0 lakhs during 1952-53.

4. For 1950-51 and 1951-52 in addition to the amounts, shown in the above table, subsidy was also paid as shown below:—

1950-51: Enhanced export duty on Jute goods bartered for foodgrains	Rs. 5,18.0 lakhs
1951-52: (i) Enhanced export duty on Jute goods bartered for goodgrains	Rs. 6,90.0 lakhs
(ii) Subsidy incurred in the shape of reduced pool price on imported foodgrains	Rs. 13,95.0 lakhs
(iii) Losses on American Wheat	Rs. 11,19.0 lakhs
				TOTAL	Rs. 32,04.0 lakhs

5. (—) indicates recoveries.
